

"The Eftpos Upgrade" it's here NOW!

All the facts, from your KIWI Eftpos & Point of Sale Company

As at March 31st there were still **24,500 + Terminals** nationwide with 5.1 software connected to the Paymark Eftpos network that need to be replaced by 1 June 2011, only a small percentage of these are upgradable terminals.

Paymark and the Banks have already blocked 400 terminals from transacting because 5.1 dispensations had run out on 28 February - **Once the Sunset date has passed on 1st June - 5.1 Terminals will be Blocked from transacting. Don't Miss out. ACT NOW - Book before we get too busy to get you a terminal before the deadline.**

At the KIWI Eftpos Co, you get the benefit of our Eftpos experience passed down from our beginnings as Equinox in 1993. You get this experience to help your business choose the best options for you. PAYMARK now have FREE broadband connections, plus we have more info on the latest Mobile GPRS & Eftpos & Wi-Fi plus the latest Integrated and Interfaced Eftpos options.

it's all about service™

How to confirm what software you have, go to... www.areyouready.co.nz

This is the website set up to confirm what software your Eftpos Terminal has. You can go to the website and enter your terminal number (found on any receipt from your Eftpos terminal) and it will advise you if you are compliant.
